Without Borders / Sin Fronteras

Contemporary Latino and Latin American Art

Without Borders / Sin Fronteras focuses on the contributions of talented artists from across the Americas and world that all trace their heritage to Latin America. While the art is largely figurative, the subject matter encompasses so much more, from the personal to the social, the symbolic to the mythological. The multitude of styles found within reflects the multitude of voices, and yet common threads persist reflecting the artists' strength of identity.

Skull: Art in Bone

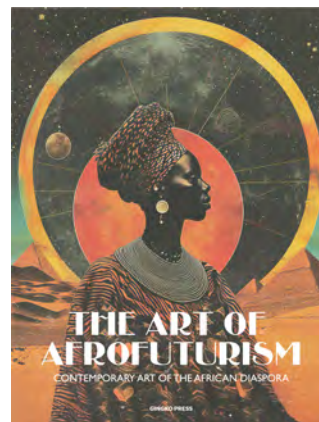

A Contemporary Anthology of Skull-Inspired Art

Skull: Art in Bone is a captivating anthology that delves into the artistry inspired by the cranium—one of the most evocative bones in the human body. Long associated with cultural narratives, the skull has served as a powerful symbol throughout history, representing danger, death, and even rebellion, famously emblazoned on pirate flags and warning signs.

This striking collection showcases a diverse range of interpretations, from intricate illustrations to sculptural installations, celebrating the skull's enduring allure in art, and capturing the poetic dimensions of skull-inspired creativity. *Skull: Art in Bone* offers an unparalleled exploration the skull as a canvas, creating works that range from the macabre to the majestic.

The Art of Afrofuturism

Contemporary Art of the African Diaspora

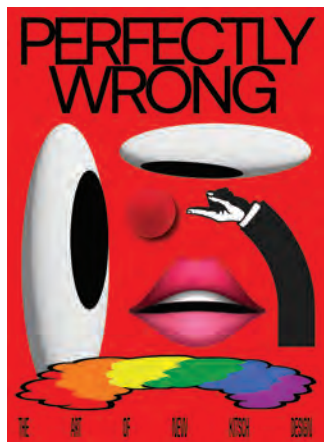

The Art of Afrofuturism explores the groundbreaking artwork of dozens of artists from multiple continents and across the African Diaspora who are contributing to a new vision of the future and their place in it. Whether from the continent of Africa, the Caribbean, North or South America, the artists featured each exemplify a fresh perspective on contemporary art that challenges the status quo. From illustration to collage and employing a wide array of subject matter from the mystical to the metaphorical, these artists create visions that are bold and unflinching and secure their places in a new narrative that is both far-reaching and inclusive.

Perfectly Wrong

The Art of New Kitsch Design

Exploring the in-between, *Perfectly Wrong* celebrates intentional imperfection — where chaos meets order and delight meets dissonance. Through raw yet deliberate designs, it examines a movement that oscillates between “WOW” (appreciation) and “MEH” (indifference), and an emerging aesthetic that teeters on the edge between raw and refined.

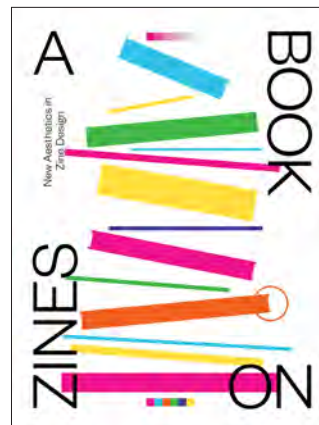

A bold, playful take on contemporary visual culture, *Perfectly Wrong* redefines authenticity in an era of overly curated visuals and invites readers to question their preconceived notions of beauty and functionality by embracing discomfort and disregarding trends.

Fantastical Creatures and Otherworldly Beings

Myth and Folklore in Contemporary Art

The world of fantasy art has long been inspired by creatures drawn from myth and folklore. Passed down throughout the millennia in a number of cultures around the world and in a broad variety of guises, some represent our darkest fears, others our greatest desires. Contemporary artists have learned to draw on these inherited tropes to create some of the most astounding beings, magnificent creatures and horrific monsters ever assembled.

Mythamorphoses

The Mythological Bestiary

The "Mythamorphoses" within this book are drawn from a broad range of mythological fables, founding stories studded with concepts, symbols and paradoxes that have helped humanity make sense of the world. Matthieu Hackiere has richly illustrated these stories populated by the gods, goddesses and fantastic creatures of Greek mythology while his co-author Alizarine has created modern interpretations of the classic texts to accompany. This is Hackiere's second book with Gingko Press, following his well-received *Infernal Bestiary* (2019).

New Floating World

Contemporary Japanese Art and Illustration

For many decades now Japan has been a leader in producing explorative art. Some artists are firmly entrenched in the bright and colorful world of kawaii, often incorporating a myriad of pop culture references into their work, while others are not afraid to investigate more challenging themes, from our darker pasts to the deepest recesses of our very own psyches. But whether heavily stylized or hyperrealistic, focusing on western or Japanese cultural imagery, their work continues to resonate with an ever-growing audience around the globe.

Artepaño

Chicano Prisoner Kerchief Art

Artepaños are kerchiefs transformed into works of art by prisoners that alternatively self-identify as Chicano, Mexican-American, Latino, and/or Hispanic. *Artepaño* presents a thorough sampling of the distinctive styles found in paño art with more than 60 plates. The vast majority of the work is drawn from the collection of Reno Leplat-Torti, collector of the largest assemblage of kerchief art in the world. Mr. Leplat-Torti's selections are augmented by works from the Nora Eccles Harrison Museum of Art collection and private collections.

Instruments

Jason REVOK rose to worldwide renown as a graffiti writer, but moved from Los Angeles to Detroit to re-tool (both literally and figuratively). When he was new to Detroit, he spent much of his time collecting abandoned materials to create assemblages of wood and metal that were intricately cut, arranged and painted. He created an entire environment for himself in which to work. Ever since, REVOK has been testing the capabilities and limits of his custom tools, creating a decisive new vocabulary in the process.

Girls Invented Punk Rock

Stories and Photos From the Frontlines

Girls Invented Punk Rock presents a range of amazing work from female photographers from the late 70s and 80s, to some still carrying the torch in today's punk scene, all focused on the west coast punk movement. The photographs take center-stage, presented in a clean, focused layout, with contextual material that lends a wider scope. Interviews draw out intention and influences, favorite bands and personalities, and the challenges of operating in a male dominated space, both BITD and today. Ephemera and process-oriented materials from film to equipment further raises the interest, offering a roadmap for someone, anyone, to pick up a camera and DIY.

Desperately Seeking B**ksy

New Edition

This latest edition includes stunning recent works, proving that the elusive maestro of street art has not lost any of his ability to define our times. Banksy's 2020 comment on the Covid-19 pandemic, *Achoo!!* is both witty and can be read on many levels. His 2021 *Create Escape* is a timely criticism of philistine government putting \$\$\$ before the arts, at a time when the arts are struggling to survive. Visually stunning, thought-provoking, witty – these works reveal why Banksy is the most significant artist in the world today.

Nation of Graffiti Artists

Nation of Graffiti Artists aspired to a utopian vision - a studio where kids of all talent levels could further their interests in the arts. The city leased the group a run-down storefront in 1974. Like moths drawn to a light, the kids showed up, hundreds of them. A ragtag bunch of teenagers helped clear garbage from the space and build it out. For some of them, it was the first time holding a brush or spray can, others had painted a few trains before, and soon some of the biggest names of the era became regulars.

War & Peace in the Global Village

A Celebration of Women in Design Today

Marshall McLuhan's *War and Peace in The Global Village* is a collage of images and text that sharply illustrates the effects of electronic media and new technology on man. Initially published in 1968, this text is regarded as a revolutionary work for its depiction of a planet made ever smaller by new technologies. A mosaic of pointed insights and probes, this text predicts a world without centres or boundaries. It illustrates how the electronic information travelling around the globe at the speed of light has eroded the rules of the linear, literate world.

The New Rural

Creative Typefaces and their Applications

With the advent or possibility of remote work for many of us these past few years, more and more people are opting to relocate from urban enclaves with their families and pursue a new and more nourishing lifestyle in a rural setting. Thanks to technology and widespread internet access we can leave behind the cramped conditions and soaring costs of our cities for a simpler and less hectic day to day existence.

In *The New Rural*, the possible is made real as we examine the interiors of some thirty homes all sited within rural environments that make the most of their settings to reflect modernity while not sublimating nature. New houses, converted spaces or rehabilitations, which ensure maximum comfort for their inhabitants without giving up the benefits of modern life – all while maintaining a close link with nature.

Architects of the Southwest

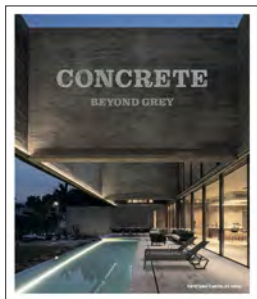

Grounded in the Mountains and Desert

Architects of the Southwest includes a stunning showcase of residential architecture and landscape design from Arizona, Colorado, Nevada, New Mexico, Texas, and Utah. All of the projects selected highlight the Southwest as an unparalleled region with a rich variety of landscapes—rolling hills, mountains, canyons, mesas, deserts, and volcanoes. Add to these potential extremes of heat, cold and drought, and one is faced with unique design challenges along with the opportunity to create works that adapt to the natural environment.

Down to Earth

Rammed Earth Architecture

An ancient building method that has experienced a renaissance in recent years, rammed earth is a wall building technique that uses earth, chalk, lime and gravel as raw materials. Rammed earth buildings are found on almost every continent, in a range of environments from the humid, to the semi-arid and temperate – from simple single-family dwellings to large and complex multistory buildings. *Down to Earth* is a compilation of some of the most interesting recent examples of this interesting and unusual building technique.

Zebedee Helm

Kit & Willy's Guide to Buildings

The second volume in Zebedee Helm's wonderfully irreverent series, *Kit and Willy's Guide to Buildings* examines iconic architecture around the world. With hilarious commentary and dialogue, we learn that these days architects design buildings at funny angles on purpose, but when the leaning tower of Pisa was built, it was DEFINITELY a MISTAKE. Full of charming illustrations in the author's signature style which make this sure to be a classic and a worthy successor to *Kit and Willy's Guide to Art*.

HuskMitNavn

The Wrong Book

The Wrong Book is a humorous book geared for early learners where red is blue, happy is sad, night is day and mom and dad are aliens. Artist and illustrator HuskMitNavn's unique and bold illustrations only ratchet up the absurdity as a picture of a banana is accompanied by the word apple, and the reader is left to decide what is real, the object or the word. Completely wrong in just the right way, this children's book plays with language and meaning just enough to provoke thoughtful laughs along the way.
